Product model : ASL4

Version : V 2.0

# PRODUCT SPECIFICATION

Product name: Dual-mode TV string light

Product model: ASL4(3M)

Version: V2.0

Compile	Audit	Approve

The colorful light string can provide 16 million color intelligent lights, 16 monochromatic colors, 20 scenes, and 4 music modes.

Open the list of your favorite songs, it will be rhythmic with the music, creating a better atmosphere for the party.

The quick control method of the light string is simple light adjustment. The lighting can be whatever you want; the APP can make finer adjustments to the mobile phone, and the controller on the controller allows you to deal with all kinds of emergencies from time to time. Turn off and on again, the light string is still the TV set last time. With the timing function, you can make the light string start your favorite TV at any time.

The smart colorful light string supports Amazon ECHO, Google Home and other voice speakers, and the light string can be controlled by voice.

**2. Product specifications**

Serial NO.	Characteristic	Parameter	Remarks
1	Color	RGB (16 million color light))	
2	Number of lamp beads	3M (9.84ft) (30 beads)	
3	Power supply	USB power supply (with USB adapters and power banks on the market)	
4	Input voltage	DC 5V	
5	Wifi standard	802.11b/g/n	
6	Wifi frequency	2.4GHz	
7	Bluetooth standard	BLE 5.0 (compatible with BLE 4.2)	
8	Bluetooth frequency	2.4GHz	
9	RX sensitivity	-92dBm	
10	Encryption type	WEP/TKIP/AES Embedded hardware AES encryption	
11	Built-in Mic	Have	
12	Remote control	Infrared remote control 24 keys	
13	Light string waterproof rating	IP44	
14	Product certification	CE/ROHS/FCC/UL588	
15	Fixed way	Entangle	
16	Light string length	3M(9.84ft)	
17	Product weight	3M-161g	Gross weight per box
18	Product packaging size	88*49*120mm	
19	Product carton size	520*375*288mm	
20	Product FCL Weight	15.26KG(90 boxes per carton)	Subject to final reality

### 3. Product function

#### 3.1 Function description

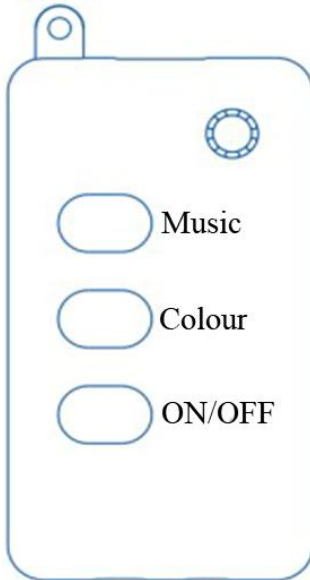

Serial NO.	Function	Description	Remarks
1	Infrared remote control	Through the remote control, you can control the on/off, color, scene, countdown, music mode and other states of the smart colorful light string.

## 6. Warnings and precautions

1. Do not use or store the device in humid environments such as bathrooms and dusty or dirty places. This may damage components and electronic components.
2. Do not place the device in an overheated place. High temperature will shorten the life of the electronic device and damage the plastic parts of the product.
3. Do not hit or throw the device strongly, as doing so may damage its delicate structure.
4. Do not use harsh chemicals, cleaning or strong detergents to clean the equipment.
5. Do not use in flammable and explosive environments.
6. If you find abnormalities such as peculiar smell, heat, discoloration, deformation, etc., please stop using the equipment immediately and contact us.
7. During operation, if radio frequency interference occurs, the smart colorful light string may not work.
8. Do not place it in the reach of infants and young children. Children should use it under parental supervision.
9. When the product is powered on, please pay attention to the safety of electricity.
10. The controller can only be used indoors, and the light string can be used indoors and outdoors (see the information on page 2 for the waterproof level).
